

## QUALITY POLICY

The policy of A. Cohen Group Limited, incorporating Aura Metals Limited:

Shall be to operate a Quality Assurance System that will fully meet the requirements of BS EN ISO 9001:2015 and any related Quality Assessment Schedule.

The Company, its Directors, management and staff shall be committed to the concept and practice of total quality throughout our organisation.

Our objective is to provide our products in a manner that conforms with the best standards in our industry, the requirements of our customers and all applicable regulatory requirements/authorities. This is fundamental to all work undertaken and is practiced by all personnel in their daily activities.

The quality manual and the supporting documentation referred to explain the requirements for quality, and the means to satisfy those requirements. Quality is enhanced by working in a systematic method to formalized procedures designed to eliminate the occurrence of deficiencies.

Our aim is to assure the efficiency and profitability of the Company by constantly striving to maintain and improve quality and the reliability of its operation.

No deviations from these directions are permitted without the authority of the Senior Management (Director Level).
